

Clinical
trials

Freshness

We never stop improving our activities; the secret of our success is our open-minded, fresh and positive attitude.

More Than 20 Years' Experience

We can meet all your needs for clinical research services from Phase I to Phase IV studies, starting from study initiation up to final reporting. We are experts in protocol preparation, project management and monitoring. Our services also include statistical evaluation and data management as well as independent, tailor-made, QA assurance (ICH GCP).

Over the past 20 years we have been involved in numerous clinical trials enrolling a total of over 80,000 subjects and gained unrivalled experience in most therapeutic areas. Local knowledge and our extensive investigator network ensure fast feasibility studies, site selection and investigator recruitment.

Our 5 core therapeutic areas are:

- *Cardiology*
- *Endocrinology*
- *Neurology*
- *Oncology*
- *Psychiatry*

And:

- *Medical devices*
- *Paediatric trials*
- *Vaccines*

Nordic – Baltic Coverage

We conduct clinical trials mainly in the Nordic and Baltic countries - that is why we can manage even very large studies. We co-operate with our CRO partners in many Western, Central and Eastern European countries, as well as with CROs operating outside Europe (e.g. China).

Fairness

We keep our promises.
You can trust us and rely
on our commitment to
co-operation.

Flexibility

We provide the highest
quality of work; we
are flexible, prompt,
and accurate with a
professional attitude.

We keep our promises.

Excellence Combined With Speed

Our personnel are all highly experienced, committed and competent individuals and flexibility is our company motto. We all take pride in what we do – that is the key to the acknowledged success of our client-orientated services. Our personnel undergo continuous training to ensure that you receive services of the highest quality.

As a CRO with local expertise in Nordic and Baltic countries, we can provide you with high-quality service not only rapidly but also cost-effectively. We hope to establish with our clients mutually beneficial, close, long-term partnerships. Outsource your clinical research activities to us and you can concentrate on your core business, free-up human and fixed capital and simplify your internal administrative structure.
